**For food service associates, tip and/or allowance may be applied toward minimum wage											
**Pay for overtime worked is displayed as two separate earnings: straight and premium. For example, if you worked one hour of overtime, you will receive one hour as "Overtime Straight" at 100% of your hourly rate and the same one hour as "Overtime Premium" at 50% of the greater of your hourly or regular rate. These earnings, when combined, equal your overtime pay (at time and a half). For non-commission associates, the hourly rate is your normal hourly rate; for Base + associates, it is your base rate; and for Draw v. Commission associates, it is your standard hourly rate (for CA associates only) or your hourly draw rate (for all associates outside CA). Your regular rate is defined in the Fair Labor Standards Act.
